### **Letter of Reference - Jade Stegbauer**

To Whom It May Concern,

I am writing this letter to recommend Jade Stegbauer for any musical opportunities that may arise.

As a producer, I had the pleasure of working with Jade in 2021 on a 30-day music docu-series that was filmed and aired on TikTok and sponsored by Samsung Australia. Jade was one of 5 emerging chosen Australia Wide for this project.

Jade is a talented and versatile singer/songwriter/musician and has the ability to play several musical instruments with ease. Her musicianship and performance ability is impressive. Jade has a strong understanding of various genres and styles, and she can easily adapt to any musical environment with ease.

Throughout the projects I have worked with Jade on she displayed an excellent work ethic, professionalism, and a great sense of teamwork. Jade is a quick learner and takes direction very well and can quickly grasp the vision for a project and contribute to making it a success.

Jade is a great communicator, and she is always willing to learn as well as offer ideas and suggestions that can enhance the overall quality of the project. Her positive attitude, openness to feedback, and willingness to collaborate make her enjoyable to work with.

Jade is a dedicated and talented emerging artist who has the potential to bring great value to any project. Overall, I would recommend Jade Stegbauer for any music opportunities or music project support.

Sincerely,

James Angus
